Do you fear having to reform each of the chalets you see and the budget does not fit you because of the cost of the renovation? With this semi-detached house you will not have that problem since it was completely renovated from scratch. It is located in one of the best areas of Torrevieja, "Torreta Florida" and you have enough space for you and your family, whether you want to live all year round or spend short periods in it. It has 400 meters of plot, enough space to make the pool of your dreams and still keeping space to fit 2 or even 3 cars. The rear area has a wonderful barbecue space to have your parties with friends and family. We also find a solarium with solar panels which is accessed by an external spiral staircase.~ And once inside we find 3 large bedrooms and 2 bathrooms, as well as the living room with fireplace and the separate kitchen.~ Ask without obligation and we will see you soon.~
